HERTLE & THOMPSON,

PATENTEES AND SOLE MANUFACTURERS OF THEIR

PATENT MACHINE

WIRE HEDDLES,

For WOOLEN, COTTON, and SILK,

Warranted not to catch the Warp Thread in the Eye.

(Patented July 14, 1868, and April 19, 1870.)

Office and Manufactory, 155 WEST 29th Street,

E. T. HERTLE.
R. THOMPSON. } NEW YORK.

TO MANUFACTURERS OF TEXTILE FABRICS.

The undersigned wish to call your attention to their Patent Machine Wire Heddles as the most perfect now in use for all kinds of Weaving.

The superiority of our Heddle consists in the rounded ends of the warp eye, and the close twist of the strands at the ends of eye, whereby the open angles and crevices usually found at the ends of the eye are effectually obviated, and the liability of the warp catching and becoming frayed and cut by the ends of the eye is removed.

No Wire Heddle as above described can be made without infringing on our Letters Patent, dated July 14, 1868, and April 19, 1870. Any order you may favor us with will be promptly filled.

Very Respectfully,

HERTLE & THOMPSON.

MANHATTAN

CLAY RETORTS,

MAURER & WEBER, Proprietors. Office, 633 E. 15th St., New York City.

KERTLE & THOMPSON,

PATENTEES AND SOLE MANUFACTURERS OF THEIR

PATENT MACHINE

WIRE HEDDLES,

For WOOLEN, COTTON, and SILK,

Warranted not to cut or Warp Thread in the Eye.

(Patented July 14, 1868, and April 16, 1872.)

Office and Manufactory, 185 WEST 29th Street,

NEW YORK.

E. T. KERTLE,
E. THOMPSON.

TO MANUFACTURERS OF TEXTILE FABRICS.

The undersigned, with 30 years' practice in their Patent Machine, are the most perfect now in use for all kinds of Weaving.

The superiority of our Heddle consists in the peculiar manner in which the eyes are formed, and the Heddle is operated, whereby the thread passes through the eye without abrasion, strain, and the liability of the eyes to open and close is removed.

The Wire Heddles as above described are made in all sizes, from No. 10 to No. 36, and April 16, 1872. Any other sizes made to order.

Terms Accommodating.

POST-OFFICES AND POST-MASTERS IN MAINE.

Towns are also given which are not Post-Offices; but their Post-Offices immediately follow

Italics denote Money-Order Offices.

Abbot. Nathan Whitman
Abbot Village, Jesse Barber
Acton, Mrs. Fidelia A. Lord
South Acton, Mark C. Hurd
Addison:
Addison Point, Joseph Nash
Indian River, A. K. McKenzie
Albany, Jacob H. Lovejoy
Albion, Llewellyn Libby
South Albion, George A. Rider
Alexander, Jeremiah Spearin, jr.
Alfred, John P. Roberts
Allen's Corners, see Deering
Alna, Thomas C Dole
Alton Horace S. McKechnie
Amherst, George C. White
Amity, Calvin B. Curtis
North Amity, Mrs. Eunice S. Carr
Andover, J. M. Purinton
South Andover, James Stevens
Anson, W. H. Blackwell
North Anson, Stickney Gray
Appleton Harrison C. Pease
West Appleton, William McLain
North Appleton, Andrew Wentworth
Argyle, Alexander McKay
Arrowsic, J. W. Sweet
Ashland, see Dalton
Athens, Edward S. Dutton
West Athens, Z. T. Corson
Atkinson, John H. Ramsdell
South Atkinson, Frank E. Atkinson
Auburn. Henry Little
Danville. Miss Harriet W. Ingersoll
South Auburn, Isaac T. Merrill
North Auburn, Isaac Osgood
East Auburn, Alvin Waterman
West Auburn, John M. Perry
Augusta, Horace Hamlin
Aurora, Charles P. Silsby
Avon, James Badge
Baileyville, James Robbins
Baldwin:
East Baldwin, Daniel T. Richardson
North Baldwin, James Weed
West Baldwin, Stephen Burnell
Bancroft, Albert Kelley
South Bancroft, J. W. Smart
Bangor. Augustus B. Farnham
East Bangor, Stephen O. Lilley
North Bangor, William M. Davis
Six Mile Falls, Origen Stockwell
Bar Harbor, see Eden
Bar Mills, see Buxton
Baring, George Pierce
Barnard, Miss Mary P. Palmer
Bath James W. Wakefield
Bean's Corner, see Jay
Beddington, Leverett C. Bridgham
South Beddington, A. G. Farnsworth
Belfast, Samuel G. Thurlow
Poor's Mills, George G. Patterson
Belgrade, William Y. Bartlett
Belgrade Mills, David Golder
North Belgrade, Joseph Merrow
Belmont, William A. Morrill
South Belmont, John Dickey
Benedicta, Michael Leen
Benton, Crosby Hinds
East Benton. Henry M. Robinson
Berry's Mills, see Carthage
Berwick, Uranus O. Brackett
Bethel. Samuel R. Sheehan
North Bethel, William D. Hastings
West Bethel, Alpheus S. Bean
Biddeford. Horace Ford
Biddeford Pool, Melville McBride
Bingham, Simeon Goodrich
Blaine. Henry O Perry
Blanchard, Joseph B. Packard
Bloomfield, no P. O.; address Skowhegan
Bluehill, Vespasian Ellis
Bluehill Falls, Simeon P. Wood
East Bluehill, George W. Collins
North Bluehill, Levi B. Thompson
Bolster's Mills, see Otisfield
Bonny Eagle, see Standish
Boothbay, Miss Lydia P. Beath
North Boothbay, Jason Pinkham
Hodgdon's Mills, Charles F. Seavey
Bowdoin. Reuben Soule
Bowdoin Centre, Ivory T. Allen
West Bowdoin, Alonzo Purinton
Bowdoinham, William Smith
East Bowdoinham, Joseph Hall
Boyd Lake, see Orneville
Bradford. Thomas R. Kingsbury
North Bradford, Marcus D. Kingsbury
East Bradford, Cyrus P. Church
Bradley, nearest P. O. is Great Works
Bremen, nearest P. O. is Waldoboro'
Brewer. Henry C. Snow
Brewer Village, Daniel Snedd
Bridgewater, Frank P. Orcutt
Bridgton. Charles E. Gibbs
North Bridgton, Hannah C. Proctor
West Bridgton, Samuel M. Sawyer
South Bridgton, Thomas B. Knapp
Brighton, John R. Paine
Bristol, Henry Chamberlain
South Bristol, John Otis, 2d
New Harbor, Alex. H. Brackett
Pemaquid, William P. Ford
Round Pond, Alexander Yates
Brockway's Mills, see Sangerville
Brooklin, Richard A. Herrick
North Brooklin, Emory E. Dodge
Brooks, James S. Huxford
South Brooks, Isaac G. Reynolds
Brooksville, Joseph Walker
West Brooksville, Luther T. Tapley
North Brooksville, Miss Emily Blodgett
South Brooksville, Luther M. Bates
Brownfield, Sylvanus B. Bean
East Brownfield, William H. Hatch, jr.
Brownsville, Charles L. Dunning
Brunswick, George C. Crawford
Bryant's Pond, see Woodstock
Buckfield, James H. Decoster
North Buckfield, Washington Heald
Bucksport. Alfred L. Skinner
Bucksport Centre, Jeremiah S. Bartlett
East Bucksport. Moses W. Hewry
North Bucksport, Nathaniel B. Rich
Buck's Mills, Charles H. Harriman
Burlington, William H. Taylor
Burnham Village, Gustavus A. Fowle
Buxton, Samuel Meserve
Buxton Centre, Reuben W. Murch
West Buxton, Albion K. P. Lord
Bar Mills, Elbridge Bacon
Byron, Hiram Richards
Calais, Dwight B. Barnard
Milltown, James L. Pratt
Red Beach, Charles H Newton
Cambridge, David Bailey
Camden, Hiram Bass
West Camden, Edward F. Leach
Rockport, Austin Sweetland
Rockville, Alvin O. Keene
Canaan, Abel Prescott
Canada Road, Sherwin Hilton
Canton, Orlando A. Hayford
Canton Point, Calvin S. Brown
Cape Elizabeth Depot, Freeman Evans
Ferry Village, James H. Harford

POST-OFFICES AND POST-MASTERS IN MAINE.

Towns are ship-places which are not Post-Offices; but their Post-Offices immediately follow

Italics denote Money-Order Offices.

Cape Neddick, see York
Cape Porpoise, see Kennebunkport
Caribou, see Lyndon

Detroit, Eben P. Files
Dexter, Henry L. Wood
Dickeyville, see Frenchville
Dirigo, see China
Dixfield, Frank Stanley
Dixfield Centre, Geo. S. Holman
East Dixfield, William H. Winslow
Dixmont, Benj. Piper, jr.
Dixmont Centre, Peregrine White
East Dixmont, Amos Whitney
North Dixmont, Amos T. Morse
Simpson's Corner, Wm. S. Rackliff
Dover, C. H. B. Woodbury
Dover South Mills, Edwin Hill
East Dover, Obed Towne
South Dover, James R. Crommet
West Dover, Asa A. Macomber
Dresden, Joseph W. Sheldon
Dresden Mills, Francis Stilphen
West Dresden, Joseph Gorham
Dry Mills, see Gray
Duck Pond, see Westbrook
Durham, James H. Eveleth
South Durham, Charles C. Smith
West Durham, Nathan Bangs
Dyer Brook, Samuel D. Philpot
Eastbrook, nearest P. O. Franklin
East Livermore, Francis I. Folsom
East Livermore Mills, Eli N. Berry
Livermore Falls, Alvin Record
Strickland's Ferry, Russell B. Hersey
East Machias, Austin F. Kingsley
Easton, Thomas G. Davis
Eastport, Chas C. Norton
Eaton, nearest P. O. Fort Fairfield
Eddington, Christopher G. Thompson
East Eddington, Wm. H. Y. Johnson
Eden, Leonard J. Thomas
East Eden, E. G. Desisle
West Eden, Wm. T. Thomas
Bar Harbor, Frank A. Wood
Salisbury Cove, Uriah Goodrich
Edes Falls, see Naples
Edgecomb, Augustus Wilson
North Edgecomb, Woodbridge Clifford
Edmunds, nearest P. O. is Dennysville
Elliot, Austin C. Hayden
South Elliot, Thomas F. Staples
Ellingwood's Corner, see Winterport
Ellsworth, David McFarland
North Ellsworth, Royal Tyler
West Ellsworth, James F. Hooper
Embden, John Gray
Embden Centre, John W. Morin
West Embden, John Pierce
Emery's Mills, see Shapleigh
Enfield, John Treat
West Enfield, Nathaniel Jones
Etna, Judson E. Friend
Etna Centre, John Tarr
South Etna, Thomas A. King
Eustis, Albee Parsons
Exeter, Moses H. Lufkin
Exeter Mills, Benjamin R. Laird
East Exeter, Lorenzo D. Butters
South Exeter, Enoch J. Ames
Fairfield, William H. Emery
Fairfield Corner, Eugene F. Fowler
North Fairfield, Amasa K. Mason
Fairfield Centre, Henry A. Archer
Larone, Moses Winslow
Somerset Mills, Silas Bates
Falmouth, Lucien Ingalls
North Falmouth, Isaac W. Gould
West Falmouth, Daniel F. Small
New Casco, Shubael D. Norton
Farmingdale:
West Farmingdale, Alden Rice
Farmington, Edward I. Merrill
Farmington Falls, Charles A. Day
Fayette, Lowell Sanborn
Fayette Ridge, Richard C. Turner
North Fayette, Thomas F. Palmer
South Fayette, Samuel Hersey
Ferry Village, see Cape Elizabeth
Flag Staff, Myles Standish, jr.
Forest Station, Wash. Co., Moses A. Colburn
Forestville, nearest P. O. is Caribou

Fort Fairfield, Chandler A. Libby
Maple Grove, Cyrus H. Albee
Fort Kent, George Seely
Foxcroft, Henry C. Prentiss
Frankfort, Hiram Treat
Franklin, James M. Blaisdell
Freedom, B. K. Vose
Freeman, Benj. B. Allen
West Freeman, Eli Crosby
Freeport, Ebenezer Wells
South Freeport, Joseph E. Davis
Frenchville:
Dickeyville, Alex. S. Eaton
Friendship, Melville B. Cook
Fryeburg, Loring R. Giles
Fryeburg Centre, Charles Chandler
East Fryeburg, Asa O. Pike
North Fryeburg, Charles Nutter
Gardiner, John Berry
South Gardiner, Sherburn Lawrence
Garland, L. A. Oaks
Holt's Mills, Lucien B. Nichols
West Garland, Jonathan C. Lawrence
Georgetown, Albion K. P. Oliver
North Georgetown, John H. Riggs
Gilead, Jason W. Kimball
Glenburn, Moses A. Elkins
Glenwood, Robert Jenkins
Golden Ridge, see Sherman
Goodale's Corner, see Orrington
Goodwin's Mills, see Lyman
Gorham, Cornelius Waters
North Gorham, Daniel P. Parker
West Gorham, Kimball Eastman
Gouldsboro', Hilliard M. Sowle
West Gouldsboro', Mrs. Maria B. Taft
Prospect Harbor, Frederick W. Cole
Winter Harbor, Mrs. Mary H. Stevens
Grafton, Benjamin Brooks
Grand Lake Stream, see Hinkley

1875. **BOSTON ALMANAC** 1875.

AND

BUSINESS DIRECTORY,

ACCOMPANIED BY A

Map of Boston, Corrected to date.

Just the thing for a present, besides being a valuable BUSINESS BOOK. 500 pages. 24mo. Cloth, $1.00; full gilt, $1.25. Sent postpaid on receipt of price. Published by

SAMPSON, DAVENPORT, & CO.,
Directory Publishers, 341 1-2 Washington Street.

COUNTRY TRADE SUPPLIED BY NEW ENGLAND NEWS COMPANY.

CODMAN & SHURTLEFF,

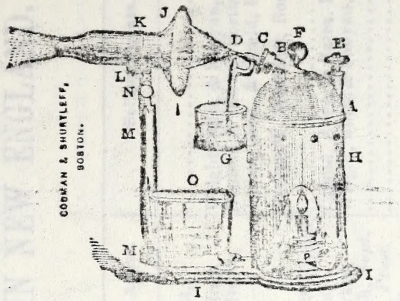

13 & 15 TREMONT STREET, BOSTON,

MANUFACTURERS AND IMPORTERS OF

Surgical and Dental Instruments,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—

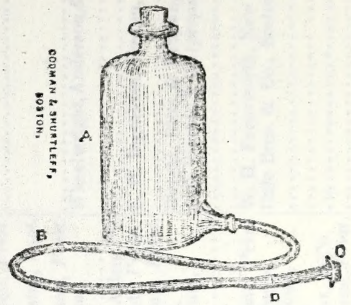

ATOMIZERS.

Apparatus No. 15.
Pat. March 24, 1868, and March 16, 1869.

All its joints are hard-soldered. It cannot be injured by exhaustion of water or any attainable pressure of steam. Is compact, portable, and cheap in the true sense of the word. Also a great variety of Hand Apparatus.

NASAL DOUCHE.

Eight Different Varieties at $1.2 to $3.50 each.

In using the Atomizer or the Nasal Douche, the patient should apply to his physician for the proper remedies.

TRUSSES.

A LARGE ASSORTMENT OF BEST PATTERNS from which to select to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person two inches below the top of the hip-bone. If the rupture is at the navel, the measure should be around the body at the navel.

N. B.—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, &c. Also Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for males and females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf; together with many other articles for use of the sick and invalids.

A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics' Association, as will be seen from the following report, signed by a leading New-England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

"The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of Atomized Liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibiters are regarded as more especially deserving of the highest token of merit for having produced nothing except of their own manufacture. GOLD MEDAL.

(Signed) GILMAN KIMBALL, M.D., Chairman."

Liberal Discounts to the Trade.

COGMAN & SHURTLEFF,

SALEM LEAD COMPANY,

-OF-

SALEM, MASS.,

MANUFACTURERS OF THE BEST

Pure White Lead

Ever Made in this Country.

Their Mills are under the Superintendence of Mr. D. G. BATCHELDER, whose reputation as a Lead Manufacturer has long since been well established throughout New England and New York; and his WHITE LEAD stands unrivalled in this country.

The Salem Lead Company's Lead can be found for sale by most of the first-class Drug, Paint, or Hardware dealers throughout New England, and by many in New York, Pennsylvania, and also in the Southern States.

Its uniform Purity and Brilliant Whiteness are fully appreciated wherever it is used, and these qualities in an eminent degree are achieving for it a success and demand hitherto unprecedented in the Paint trade.

This WHITE LEAD, owing to the great care used in the selection of the material from which it is made, and also in the grinding of the same, is said to *wear longer and handsomer,* and to present a *harder surface* to the action of the weather, than most of the Leads now in use.

Its perfect Purity is Warranted in all cases.

PLEASE SEE THAT ALL PACKAGES ARE MARKED SALEM LEAD CO.

LEAD PIPE

Of any Size or Thickness required, made from the very best Pig Lead, and warranted satisfactory.

SHEET LEAD.

A new article made (under patent of our superintendent) by us solely, of 2½ and 3 pounds per square foot, packed on Reels in one continuous length, viz.:

2½ inches, 3 inches and 4 inches wide, for Carpenters and Builders.
6 " 7 " " 8 " " " Masons, Etc.
5-8 " " " Weighting Window Shade Sticks.
8½ " wide and 5 pounds and 6 pounds to the square foot, for Plumbers' use.

The convenience and economy of this form of SHEET LEAD has already brought it into universal favor, and promises to supersede for the uses above named the Wide Rolls of Sheet Lead.

Salem Lead Company,

FRANCIS BROWN, Treasurer,

26 P. O. Building, - - - - SALEM, Mass.

SALEM LEAD COMPANY,

—OF—

SALEM, MASS.,

MANUFACTURERS OF THE BEST

Pure White Lead

Ever Made in this Country.

The Mills are under the Superintendence of MR. D. C. MACKENZIE, whose specialties as a Lead Manufacturer has long since been well established throughout New England and New York, and he also is the Practical Painter.

The Salem Lead Company's Lead can be found for sale in every city of the New England States, also in the Southern States.

Its uniform Purity and Brilliant Whiteness are fully appreciated wherever it is used, and these qualities in an eminent degree are achieving for it a success and demand hitherto unprecedented in the Paint trade.

Its perfect Purity is Warranted in all cases.

PLEASE SEE THAT ALL PACKAGES ARE MARKED SALEM LEAD CO.

LEAD PIPE,

Of any size or Thickness required, made from the very best Pig Lead, and warranted sound.

SHEET LEAD,

A new article made largely present of our superior Lead. It is sold by the pound, per square foot, packed on Blocks in any convenient length, viz.:

26 inches, 3 inches and 2 inches wide, for Carpenters and Builders.
6 " " 2 " " " " "
8 " " 2 " " " " "
10 " " 2 " " " " "
12 " " 2 " " " " "

The convenience and economy of this form of Lead for Roofing, Gutters, Flashing, &c., is fully appreciated by Builders, and its superior purity and durability is guaranteed for the term of years.

FIRE PROOF ROOFING MATERIALS

OF THE CELEBRATED

"BEE-HIVE BRAND."

This Roofing will not expand nor contract by heat and cold, like metal roofing.

It will withstand more than double the heat of zinc, tin, or galvanized iron, without danger to the boarding beneath.

Firemen can stand upon it in perfect security, and control the fire in adjoining buildings.

Its cost is much less than that of any other fire-proof roofing in use.

Insurance is effected in the best offices in the U. S. and abroad, at same rates as on buildings covered with other fire-proof materials.

Reference is made to the most eminent Architects and Builders, and to the Engineers of the Fire Department in the principal cities in New England. Address, with orders, or for further information,

New-England Felt Roofing Co.,

SOLE MANUFACTURERS,

LEVI L. WILLCUTT, Treasurer, 17 CENTRAL ST., BOSTON, Mass.

WILLIAM A. ORCUTT,

MANUFACTURER OF

ORCUTT'S RELIABLE LIGHTNING RODS, for Public and all Other Buildings,

No. 65 CORNHILL, BOSTON.

These Rods have for upwards of thirty years been extensively used to protect the valuable and exposed BUILDINGS OF THE UNITED STATES at various Naval and Armory Stations, including Powder Magazines and Shell Houses; for Public Buildings and Churches in Boston and other cities and towns; the best Mansion Houses in New England, as also all classes of buildings.

They are less conspicuous, and *less liable to get out of order* than others in use.

THEY ARE THE ONLY RODS WHICH HAVE NEVER FAILED.

☞These rods have never been forced upon the community by zealous or tricky solicitors.

Orders by mail or at office, No. 65 Cornhill, Boston.

WM. A. ORCUTT.

GEORGE T. McLAUTHLIN & CO.,

Iron Building, 120 Fulton Street, BOSTON, MASS,

T. J. CURTIS, Selling Agent,

No. 27 DOANE STREET, Room 8, BOSTON, Mass.

WANTED--AGENTS. $75 to $250 per month, everywhere, male and female, to introduce the GENUINE IMPROVED COMMON SENSE FAMILY SEWING-MACHINE. This machine will stitch, hem, fell, tuck, quilt, cord, bind, braid, and embroider in a most superior manner. Price only $15. Fully licensed, and warranted for five years. We will pay $1,000 for any machine that will sew a stronger, more beautiful, or more elastic seam than ours. It makes the "Elastic Lock-Stitch." Every second stitch can be cut, and still the cloth cannot be pulled apart without tearing it. We pay agents from $75 to $250 per month and expenses, or a commission from which twice that amount can be made. Address SECOMB & CO., Boston, Mass.; New York City; Pittsburg, Pa.; St. Louis, Mo.; or Chicago, Ill.

JOHN H. BACON, - - - PROPRIETOR.

CHARLES N. BACON, ...**Superintendent.**
HENRY E. COOPER, ...**Travelling Agent.**
EDWARD T. BACON, ...**Secretary and Treasurer.**

The Proprietor calls the attention of the Trade to the description of his Manufactures.

DESCRIPTION:

SAXONY Ex-Felt, used by Manufacturers of Jewelry, Piano-Fortes, Paper Hangings, &c., in sheets, 16 by 16, inch, 20 by 20 inch, and 20 by 25 inch.

SPANISH Ex-Felt, used by Jewellers, Dentists, Ivory and Slate Polishers, Carpet Manufacturers, Calico Printers, &c., in sheets, 16 by 16 inch, or any size.

SPANISH Felt, for Cutlery Makers, Jewellers, Dentists, and Polishing purposes, &c., 16 by 16 inch.

PLAIN SPANISH Felt, for Cutlery Makers, Jewellers, and Polishing purposes, &c., 16 by 16 inch.

AMERICAN Felt, for Polishing purposes, Padding, &c., in sheets, 28 by 28 inch, 24 by 24 inch.

MEXICAN Felt, for Horse Pads, Shoes, and Polishing Marble, Slate, Brass, Glass, Ivory, Cutlery, &c., in sheets, 18 by 18 in., 24 by 24 in., 36 by 36 in., 36 by 48 inch.

MEXICAN CIRCULAR Felts, for Polishing Marble and Slate. 4½ and 6 feet diameter.

These Felts are used on a revolving table; and, for cheapness and durability, are unsurpassed. A saving of fifty per cent. in labor is made by using them.

WOOL and HAIR Felt, for Covering Steam Boilers and Pipes.

FELTINGS for various other purposes. The above Feltings are made any required size and thickness desired. *FILTERERS for Dyeing purposes and Syrups.*

Wool and Cotton Waddings.

WHITE AND DARK LAMBS-WOOL WADDING, for Ladies' Cloaks, Skirts, Quilts, and Gent's' Garments, in dozens of 12 sheets, weighing 1¾ lb. per dozen. In sets, for Quilts, of 2 sheets, weighing 1½ lb. per set.

CARDED COTTON WADDING for Furriers, &c., in dozens of 12 sheets, weighing 1½ lb. per dozen. In sets of 3 sheets, weighing 3 lbs. per set.

COTTON carded to order; also, CARDED WOOL and HAIR STUFFING for Harness Makers' use, &c.

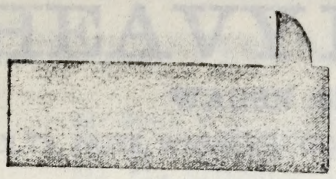

FRENCH COTTON WADDING for Trimming and Thread Dealers, &c., &c.

He will be pleased to receive your orders for any of the above goods, and will in all cases see that his orders are answered promptly, and that his customers have the lowest price the market admits of.

—IN—

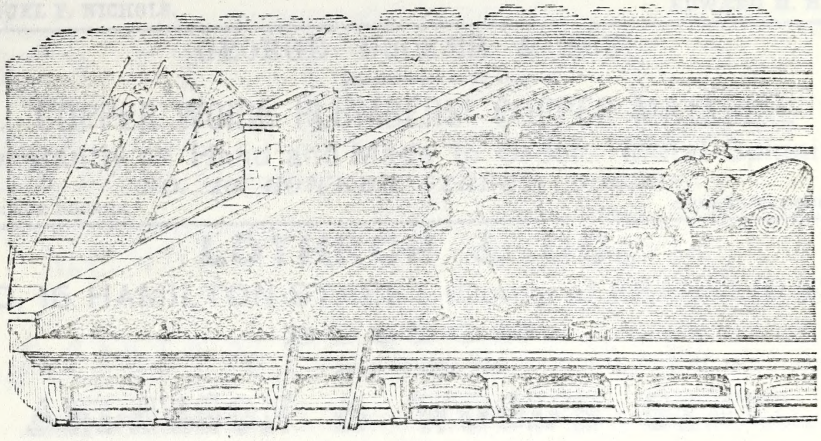

H. W. Johns' Patent Asbestos Materials.

ASBESTOS ROOFING,

Spark, Cinder, and Water-Proof.

$5.00 PER HUNDRED SQUARE FEET.

HORACE GREELEY, in his report as President of the *American Institute* for the year 1870, says: "Is strong and flexible, unaffected by the sun's heat, practically Fire-proof, *and is really an article of the first order of merit.*"

Mode of Applying the Patent Abestos Roofing.

TESTIMONIAL FROM THE OLD COLONY IRON COMPANY.

EAST TAUNTON, Mass., July 30, 1874.

Messrs. DOWNIE, TRAINER, & CO., Boston.—GENTLEMEN: This certifies that the Old Colony Iron Company have used *JOHNS' PATENT ASBESTOS ROOFING* on their buildings for the past five years, and it remains good to this day. From the experience already had, should renew our buildings with same article. Our works were frequently on fire when covered with shingles, but sparks and cinders have had no effect on the Asbestos Roofing.

Respectfully Yours,

(Signed) ENOCH ROBINSON, SUP'T.

ASBESTOS ROOF-COATING,

Invaluable for Restoring and Preserving old *Shingle, Tin, and Felt Roofs.* Ready for use; applied with a Brush.

ASBESTOS CEMENT,

For cementing joints and fissures in *Stone, Wood, Metals* etc., and especially valuable for *Leaky Roofs.*

ASBESTOS BOILER FELTING,

A *perfect non-conductor* of heat, used for covering *Steam Pipes, Boilers, Hot Air Pipes, Stills,* etc. Will save about 30 per cent. of fuel. Furnished in barrels.

ASBESTOS PAINT,

In a variety of colors; is the best *water repellant* in use. Adapted for all out-side work, and put up *ready for use.*

☞ **SEND FOR DESCRIPTIVE PAMPHLET, & Price List, Etc.**

Bank, Office, and Counting-Room

FURNITURE,

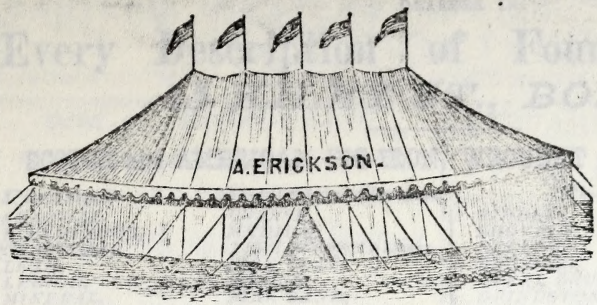

We call your attention to the above Cut representing our celebrated ROLL-TOP DESK, which we manufacture and sell to Banks, Insurance Companies, &c. It is the best arranged Desk we have ever manufactured. By simply pulling the top over, the papers, books, &c., are covered; it also locks all the drawers. It has slides to pull out over the drawers, and is finished complete on the back, so it can be placed in any part of the room. They are made of the best coal fire seasoned stock, and warranted not to shrink or crack. Should you require a nice Desk, we should be pleased to receive your order.

STANDARD GRATE BAR CO.,

The cut shows the Bar with several of the Adjustable Posts removed, which, when restored to their places, make a perfect Bar ready for use, and also shows clearly how any part may be renewed, if necessary. With the Adjustable Bar, the expense of a single one of the posts will restore to complete working order the Bar to which it may be applied; whereas, with any other form of Bar, a damage rendering the Bar unfit for use necessitates the cost of a new Bar as the expense of the repairs to the furnace.

EXPANSION AND CONTRACTION ARE CONFINED TO THE POSTS.

A sufficient supply of air for the fuel employed is furnished at all times, and the crowning of the top of the posts will largely prevent the formation of clinkers, and also admits more air to the fuel than can be done with bars having a perfectly flat surface. A full supply of air being provided, a more perfect combustion of the fuel is insured, thereby giving an increase of efficiency — in other words, more steam from the same quantity of fuel.

These Bars are furnished for all kinds of Boilers.

In ordering Bars, please follow the directions below, viz.:

Give full Depth and Width of Furnace, and, if Bearing Bars are in place, give Distance between Bearers also. State kind of Fuel to be used.

MANSION HOUSE,

STATE STREET,

AUGUSTA, ME.

During the past season this ever-popular establishment has been refitted and refurnished throughout in every department, *new Furniture and Bedding*, and first-class in all its appointments. The House is provided with Bath Rooms, where hot and cold baths can be had at all times, for guests only. Connected with the House is a large and commodious Sample-Room, on Water Street, centrally located, where sample agents can show their goods free of charge.

The proprietors, thankful for the liberal patronage which the above House has enjoyed since its opening, takes pleasure in informing his patrons that he will run free carriages to and from the cars and and boats until further notice. Connected with the above House is a Livery Stable, where good teams can be had at reasonable rates.

CHAPMAN'S IMPROVED SAW-FILING MACHINE.

It is made wholly of IRON & STEEL, and is, as will be seen, very compact and substantial in its arrangement.

It is adapted to filing all styles and sizes of Saws in common use. With it a man is enabled to do THREE times the amount of labor BETTER, and with a less number of files, than by hand.

One peculiar feature of this machine is the manner in which the saw is fed forward to be operated upon by the file, by the use of FRICTION ROLLS which are not shown in the engraving. By means of the swinging frame all kinds of files may be used, and can be easily and quickly exchanged. Both ends of the file are held, and thus the file is guided evenly and straight across the saw tooth, so that any person however unacquainted with saw filing may manage this machine.

A simple and cheap appurtenance, consisting of an EMERY WHEEL and proper supporting devices, may be attached at the option of the purchaser, and answers the purpose secured by the more costly ones now in use.

Important to Historians!

There is now passing through the press a very important Historical work, in three volumes octavo, entitled

Journals of General Conventions

OF THE

PROTESTANT EPISCOPAL CHURCH IN THE UNITED STATES,

AND COMPRISING FIFTY YEARS OF ITS EARLIEST HISTORY AND LEGISLATION.

It will be ready for delivery in October, 1874, and the price is $3.50 per volume, or $10.50 for the set. It should be ordered direct from the Publishers, and the money sent with the order. Sold only in sets.

The same Publishers contemplate issuing, *as soon as the expense is guaranteed by subscription*, another work of great importance and interest, entitled

THE HISTORY OF THE EASTERN DIOCESE.

Materials for this work have been in process of collection for many years, and it is believed that it will contain many items not at all accessible even to scholars, and which have certainly never before appeared in print. The price, to subscribers, will be from $3.00 to $3.50 per volume, according to the size which the matter may require and to the number of subscriptions which may be obtained.

The former of these works is Edited by the Rev. WM. STEVENS PERRY, D. D., Secretary of the House of Deputies, (of well-known Historical research;) and the latter by the Rev. C. R. BATCHELDER, author of the *Documentary History of the Protestant Episcopal Church in Vermont*, and also well-known among Historians throughout New-England.

Circulars concerning either work sent on application, and prompt subscription to the latter earnestly requested. ADDRESS

THE CLAREMONT MANUFACTURING CO.,

CLAREMONT, N. H.

P. S.—The C. M. Co. are Publishers of WALTON'S VERMONT REGISTER AND BUSINESS DIRECTORY, *and the* NEW-HAMPSHIRE REGISTER AND BUSINESS DIRECTORY, *both annuals. Price, 25 cents each, by mail.*

BRADFORD, VT.

CURTIS' PATENT

Automatic Screw Machine,

For Making Machine Screws Only.

Patented October 17, 1871.

F. Curtis, Patentee and Proprietor.

The advantages claimed for this Machine over the revolving-head screw machines for light work are:

It is automatic (or self working) requiring little or no attention while in operation, performing its work with the greatest possible precision and nicety. It mills the shank, points it, cuts the thread, shapes the head, slots and finishes the screw, before leaving the machine.

This machine recommends itself to manufacturers who would puchase screws or machines, when the item in economy is considered. With other machines it is necessary that one hand be employed at each machine, and at good wages, while the CURTIS AUTOMATIC SCREW MACHINE requires little or no attention; or so little that a boy sixteen years of age can attend to ten machines and keep them running. Each machine will make from 500 to 1000 screws per day according to length and size.

The machine is fitted for making screws from 1-8 to 7-8 in. in length, provided the head is not over 3-16 in. in thickness, and from 3-32 to 1-4 in. in diameter. Machines for making larger or smaller screws can be furnished if desired.

The attention of Sewing Machine and Fire Arm manufacturers is solicited to the merits of this machine; the inventor being confident that it will be to their great advantage to examine its workings and its work. It will do as GOOD WORK if not BETTER than the revolving-head machines.

The opinion of able and experienced machinists, after a thorough examination of its working qualities and the work that it produces, is that it is the

Best Screw Machine Ever Invented.

And such it is confidently claimed to be. Machines offered for sale to those who wish to make their own screws only.

SMALL MACHINE SCREWS MADE TO ORDER.

Slabs and Colors.

This Commodious and well-known House is now under the management of Mr. CHARLES W. TOWNS, and has undergone a THOROUGH RENOVATION, making it a desirable

HALF-WAY HOUSE FOR TOURISTS

To and from the White Mountains, New-York, Saratoga, and Boston, as it is located in the beautiful Valley of the Connecticut River, in a quiet, retired place, and yet within three minutes' walk of Railroad Depot and the Falls. There are good Play Grounds for Children, good Livery, and for Pure Air, Water, Wild Mountain Scenery, Pleasant Walks and Drives, it is considered unexcelled in New England. Most liberal terms made with permanent boarders, for one month or the entire season.

☞For further particulars, address the Manager, or CHARLES TOWNS, sole owner of Island House and Towns' New Hotel.

BELLOWS FALLS, VT., 1875.

STERRY SMITH & CO.'S
IMPROVED
Furnace Grate Bars,
For Steamers, Locomotives, Stationary Furnaces, and Steam purposes generally.

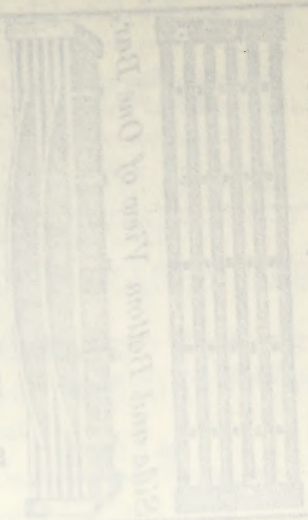

The advantages which these Bars possess over others is in their Combination and the Distribution of the Metal in such a manner that there is no possibility of their warping or twisting about, as is generally the case with other Bars; they are also much Stronger and more Durable, and, in consequence of their combined strength, can be made considerably Lighter.

Grates for different kinds of Fuel made to fit any Furnace.

IMPORTANT TO WOOLEN MANUFACTURERS.

WESTON'S PATENT
CLOTH BRUSHING, STEAMING, AND COOLING MACHINE,

(PATENTED FEB. 4, 1873.)

For Softening the Face of the Goods and Retaining the Pressing in the Back.

This process gives a very *soft feel to the face of the goods*, at the same time the *back holds the firmness of its pressing* — which is rendered thick and leathery to the feeling, — and comes out of the Machine *perfectly cool and ready to be folded up at once.* This is done by application of cold air or water.

☞ Any further information can be obtained by application to

THE GREATEST WONDER OF THE AGE!

COOKING DONE WITHOUT A STOVE.

COOEY'S NON-EXPLOSIVE COMBINATION LAMP-STOVE

SUPPLIES A WANT LONG FELT IN THE KITCHEN.

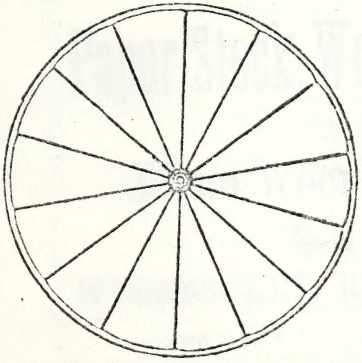

With it can be cooked all the food that is needed in any family. It will bake four loaves of bread, or four pies at one time, will boil one quart of water or bake biscuits in fifteen minutes. For heating flat-irons or broiling steak it cannot be equalled. The universal testimony of all is, "I never ate such steak before." The meat retains its juices, and is more tender than when cooked by any other process.

It is a Summer Cooking Stove for every one who desires to combine Economy and Comfort.

It burns Kerosene Oil, but there is not the slightest danger from its use, as the oil and fire are so far apart; there is also a tube on each side of the oil-tube, in which is placed a cotton wick for the purpose of drawing water from a reservoir beneath to the edge of the flame, thus keeping the oil always cool and supplying the flame with oxygen, intensifying the heat.

It is also just the thing needed for people or families occupying furnished lodgings, as it occupies so small a space, and is perfectly odorless, hence it is particularly adapted for winter as well as summer. For sale by

WEIR VILLAGE, . . TAUNTON, MASS.

GEORGE M. WOODWARD, Agent and Treasurer.

USE THOMAS'

PATENT WATER-STOP THRESHOLD.

This Threshhold is superior to any other Cast Iron Threshold ever placed before the public. It is constructed with a gutter on the back side and one at each

end, so that whatwater flows under the door is caught by the gutter on the back side, and by means of the gutters on each end it passes out of doors.

Why these THRESHOLDS are superior to Weather Strips.

Weather Strips are good as long as the wooden threshold is level, but as soon as it becomes worn in the middle it ceases to perform its work. But this iron not only acts as a perfect water stop but gives you a threshold that will last for years. I intend to keep all sizes on hand and all orders intrusted to my care will receive prompt attention. Prices ranging from $2.00 to $5.00.

THE SWAIN TURBINE COMPANY,

PROPRIETORS AND MANUFACTURERS OF

SWAIN'S PATENT

Turbine Water Wheel.

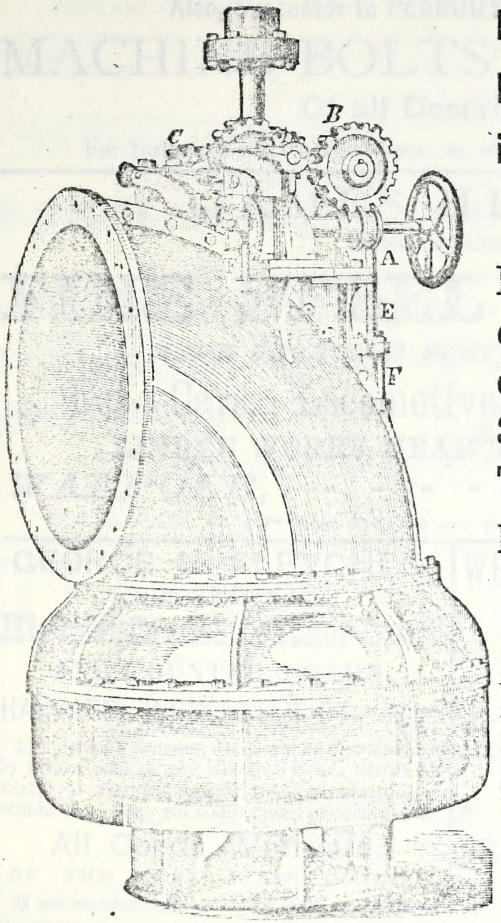

These Wheels are peculiarly adapted to mill sites subject to back water or the flow of tides; also where the drought of summer reduces the flow of water to three-fourths, one-half, or even one-fourth the capacity of the wheel. For these purposes especially they are warranted superior to any thing ever yet invented.

The Best Made Wheel in the Market,

As well as the Most Durable.

Will utilize as much Power as Two wheels of any other make of same diameter.

SWAIN'S IRON-CASED WHEEL.

FOR REFERENCE,

Inquire of any of the Large Manufacturing Corporations.

Highest Result, 83.87 per cent. The third wheel tested gave at full gate, 81.9; 3-4 gate, 81.1; 1-2 gate, 77.0 per cent. of the entire power of the water used.

For Report of Tests at Lowell, by J. B. Francis, Esq., C. E., with Diagrams and Tables of Power, address

WROUGHT IRON FASTENINGS

For Bedsteads,

AND

Machinery for Fittings,

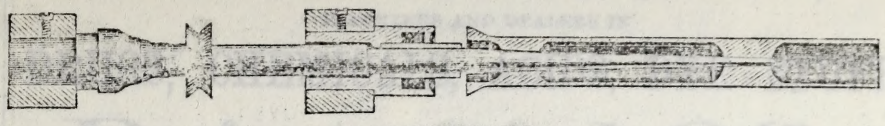

MANUFACTURED BY THE

BRADFORD JOINT COMPANY,

PLYMOUTH, . . MASS.

MANSFIELD SPINDLE WORKS,

JOHN BIRKENHEAD, Proprietor.

4 OUNCE SPINDLE.

CONSIDER, NINETY THOUSAND RUNNING.

BIRKENHEAD'S 4 oz. SPINDLE, has now run over three years, with less appearance of wear than any having run so long under similar circumstances. It has proved equal to the *BEST* in point of speed and power, and steadyness of motion, and it makes less slack twisted yarn than any now running. The only thing wanted to make it a perfect success has been successfully accomplished, and secured by patents. Parties are cautioned not to infringe on the same. The cost for changing is

LESS THAN ANY OTHER SPINDLE.

Having a large shop adapted to the above specialty, I guarantee BEST OF WORK, and perfect satisfaction. The last spindles put in so far, is at J. F. Slater's, Jewett City, Conn., where they are carrying one-third more yarn and producing

A THIRD MORE THAN THEIR OLD SPINDLES.

I have just completed an order for the New Mill at ANTHONY, R. I.

Having run my Shop for the last ten years on the

REPAIRS OF RING SPINNING,

and done business with two-thirds of the Mills in New England, and RING SPINNING having been my hobby in life, I am prepared to build or furnish anything appertaining thereto in the best possible manner. Manufacturers are aware that my Single Eccentric Ring has been in use

FOR THE LAST FIVE YEARS,

and so far has not been excelled in simplicity and effectiveness of adjustability, as orders of late have come in WELL, WITHOUT SOLICITING.

THE BINGHAMTON CYLINDER OIL,

As its name implies, is intended for use in Steam Engine Cylinders, and for any place where oil is subjected to a great degree of heat.

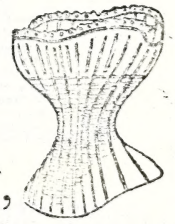

THE BINGHAMTON SPINDLE OIL,

Is exactly adapted for general use on all the machinery of a cotton or woolen mill. We are also sole agents in this market for the products of Messrs. Gest & Atkinson of Cincinnati, O., whose Lard and Tallow Oils received the gold medal of merit at the Vienna Exposition of 1874. Also the celebrated Globe brand of pure West Virginia Oil. Tasker's Belt Oil in quantities to suit. Our *Steam Refined Solar Oil*, for illuminating purposes, stands a fire test of 160° and burns with great brilliancy, making it the best and safest oil for manufacturers' use in the market.

The Rocky Mountain Vermilion Paint

Is "Nature's Compound" of COPPER, MERCURY, LEAD and IRON.

A PURE OXIDE OF METALS, CONTAINING NO EARTHY MATTER,

Hence we claim and are prepared to *prove* that it is the

Best and Cheapest Paint in the Market,

Properly mixed, we will guarantee it to Cover Double the Surface and wear twice as long as Ordinary Paints. It will not *Peel, Scale Crack* or BLISTER. Though Subjected to High Degrees of Heat. It will effectually Prevent the Corrosion of Metals even in Mid-Ocean. Warranted *Superior* to Red Lead or Any Other Lead, for any and all purposes for which Paint is required. We are fully aware that these statements will be more or less discredited by many, and although we might produce hundreds of testimonials corroborating our claims, even then doubts would exist, and as the most convincing proofs are obtained by actual test, we simply ask you to *TRY IT!* Submit it to any reasonable test you please, and you will soon find that we have not *overstated the facts*, and that *your interest*, and the interests of *all concerned*, will be subserved by the use of the

ROCKY MOUNTAIN VERMILION PAINT,

Furnished dry, in whole and half barrels containing 200 pounds and upwards, also ground in pure linseed oil; in barrels or kegs; also in gallon packages, mixed ready for use.

ALL ORDERS SHOULD BE ADDRESSED TO

WILLIAM H. COREY,

General Agent for the United States and Territories.

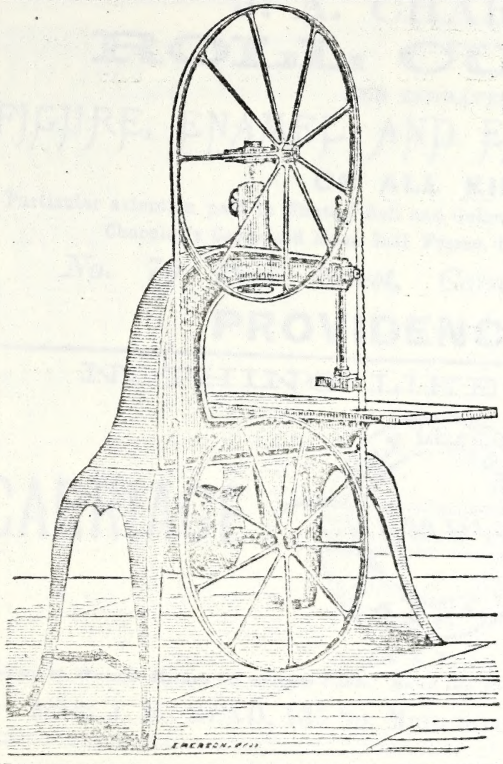

No. 20 Sabin Street, PROVIDENCE, R. I.

CAUTION.

Owing to the great superiority of this paint over all others, causing a constantly increasing demand, some unscrupulous parties are selling inferior articles of paint under the name of

ROCKY MOUNTAIN.

Be sure that each package bears the Trade Mark of this Company, as herein shown, without which none is genuine.

MANUFACTURER OF

MACHINERY,

TOOLS, MODELS, &c.

BAND-SAW MACHINES

A SPECIALTY.

I claim the "WHAT CHEER" BAND SAW will do as much work, and of as good a quality as any other Band Saw constructed for Carpenters, Cabinet Makers, Wheelwrights, or Jobbers' use, and, combining strength with simplicity, fulfils the requirements for which it is intended.

The capacity of the Machine is 15½ inches deep and 32 inches swing; Shafts made of Steel, Bearings of Babbitt Metal, and Table of Rock Maple, glued together of 2 inch strips, with two cleats across. Weight of Machine, 600 lbs.

PRICE OF MACHINE, complete, with one 2-8 inch Saw, ready for use, **$150.00**, Cash, on delivery at depot in Providence, R. I.

Refers to Reichold & Knoblock, Cabinet Makers, Providence, R. I. John Mason, Pattern Maker, Providence, R.I. Albert N. White, Carriage Manufacturer, Prov., R. I., and others.

139 SOUTH MAIN ST.,

PROVIDENCE, R. I.

The Rocky Mountain Vermilion Paint

"Satan's Conquest" of Cowpa, Mexico, 1,240 and Iron.

A PURE OXIDE OF METALS, CONTAINING NO BASTEY MATTER.

Above we cities and are prepared to prove that it is the

Most and Cheapest Paint in the Market.

Properly mixed, we will guarantee it to Cover Double the Surface and wear Twice as long as Ordinary Paints. It will not Fade, Rust, Crack or BLISTER. Though Subjected to High Degrees of Heat. It will effectually Prevent the Corrosion of Metals even in Salt Water. We are Special Superior to Lead or Any Other Paint, for any and all purposes for which Paint is required. We are fully aware that these statements will be more or less discredited by many, and although we might produce hundreds of testimonials overwhelming the claims even than claims would seem, and as the most convincing proofs are obtained by actual test, we simply ask you to TRY IT. Should it to not prove as we say, it will cost you nothing, and you will only find that we have not overstated the facts, and that your interest, and the interests of all concerned, will be subserved by the use of the

ROCKY MOUNTAIN VERMILION PAINT.

Furnished dry, in which and left barrels containing 100 pounds and upwards, also ground in pure linseed oil, in barrels or kegs, ready for use.

ALL ORDERS SHOULD BE ADDRESSED TO

WILLIAM H. COMBY,

General Agent for the United States and Territories

No. 29 Eagle Street, PROVIDENCE, R.I.

CAUTION.

Owing to the great superiority of this paint over all others, causing a considerable increase in demand, some unprincipled parties are selling inferior articles of paint under the name of

ESSEX'S

NO. 5 NICKEL SILVER ATOMIZER.

UNDER PAT. AUG. 23, 1859, & JUNE 27, 1871.

Entered according to Act of Congress in the year 1872, by James J. Essex, in the Office of the Librarian of Congress, at Washington.

An Apparatus for the Atomization of Liquids for inhalation, odorizing or face baths, and for perfuming and

Disinfecting the Sick-Room.

It also constitutes a perfect Douche for Bathing the Head, Sensitive Eyes, Painful Surfaces, Burns or Inflamed Sores. By this Atomizer, a single drop of perfume is converted into numberless minute particles which fill the surrounding air with fragrance. The toilet of no lady or gentlemen is complete without this instrument.

HUNT'S REMEDY.

THE GREAT H R KIDNEY MEDICINE

The only known Remedy for Bright's Disease and has cured every case of Dropsy in which it has been given; Irritation of the Neck of the Bladder and Ulceration of the Kidneys and Bladder, Diabetes, Difficulty of holding the Urine, in Stricture, in Seminal Weakness, Retention of Urine, Diseases of the Prostate Gland, Stone in the Bladder, Gravel, Brick Dust Deposit, and Mucous and Milky Discharges, and for Enfeebled and Delicate Constitutions of both sexes attended with the following simptoms: Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Wakefulness, Painful and Dragging Sensations in the Back and Loins, Flushing of the Body, Eruptions on the Face, Pallid Countenance, Lassitude of the System, etc. HUNT'S REMEDY has been before the public for more than twenty years; and has been the means of saving from a lingering and frightful disease and untimely death hundreds of our most estimable and well-known citizens. For sale by all druggists. WM. E. CLARKE, Proprietor, Providence, R.I.

EXTRACTS FROM CERTIFICATES.

"No Physician who has used it but will certify to its excellence."—GILBERT CLARK, M. D., Warren, R. I.

"I can safely say it has almost *raised the dead*."—L. A. PALMER, M.D., Westerly, R. I.

"I have used it in my practice for 16 years, and cheerfully recommend it as being a safe and reliable remedy."—A.W. BROWN, M. D., Mystic Bridge, Ct.

"I honestly believe that it saved my life."—A. B. KANNEY, Manchester, N. H.

"I consider it a specific for the diseases for which it is intended, and most cheerfully recommend it to all afflicted."—EDWARD R. DAWLEY, 85 Dyer Street, Providence, R. I.

EVERY BOTTLE WARRANTED.

A Great Need Supplied.

From the Davenport Democrat.

An alarming fact in the medical history of our country is the rapid increase of those diseases which take the character, as well as those obscure diseases of the kidneys, bladder and urinary organs, of which Bright's is the most alarming form. So frequently have these fatal complaints taken hold of the public health that an inspection of the fluid excretion almost always reveals either albumen, showing congestion or obstructed circulation of the kidneys, or one or the other of the six varieties of urinary calculi or uric acid gravel. The regular faculty have labored hard and philanthropically, endeavoring to find in the authorized dispensatory those drugs which, in combination, would act specifically in these diseases, but in vain; the poisonous minerals of the pharmacopœia, only made matters worse, and it was not until the introduction of Hunt's Remedy that any perceptible advantages were gained over these wide-spread diseases. This remedy, entirely repudiating antimony, mercury, or mineral bases, sought in the vegetable world for that cure which nature had provided, and there it was found; this, known as Hunt's Remedy, is now put up wholesale by Wm. E. Clarke, one of the leading chemists of Providence, Rhode Island, and should be kept on hand in every locality, especially here in the West, where, from the water or some other cause, the diseases for which it is a specific are so prevalent and fatal.

NEW ENGLAND PATENT GAS CO.

INCORPORATED
July 8th, 1874.

—o—

This company is now negotiating with coal gas companies and others for the sale of Licenses for the manufacture of Gas by our process. Works of any magnitude erected, and the successful working of the same guaranteed.

By our process, a perfectly fixed gas is made, which can be driven through any number of miles of street mains, without being vitiated. The gas can be produced very rapidly, and at a very low cost.

Coal gas works can be reconstructed for the said process at a trifling expense.

Works can be seen in operation by making application at the office of the Company.

General Repairers of Roving Machinery.

Mayor's Patent Bolster Bearing

ATTACHED TO FLY FRAMES, AND

Patent Twisters

APPLIED TO SPEEDERS, producing an equal quality on both machines, and a great increase in quantity.

NEW IMPORTED FRAMES

SET UP AND STARTED, and Contracts for Repairs of any amount executed with despatch.

Also, Inventors of the **RING THROSTLE SPINNING FRAME**, the Ring a Fixture, applicable to Cotton Flax, Silk, and Wool Spinning, producing a quantity and quality not equalled by any other machine. By means of a fixed ring an equal distance is maintained during the process of spinning, and the twist equally distributed through the whole yarn; as the drag and atmospheric resistance is always the same, a weight of traveller can be applied exactly adapted to the work. Can be applied to the Danforth Cap and the Flyer Frame.

ORDERS for its introduction for Wool or Silk respectfully Solicited. Address

GEORGE CHATTERTON, Treas'r.

THOMAS MAYOR, Agent.

A. G. NICHOLS, Secretary.
S. WILCOX, Treasurer.

REDUCED PRICES.

COST OF FUEL
From Eight to Twenty Cents per Horse-Power per day.

2 H.-P. ENGINE.

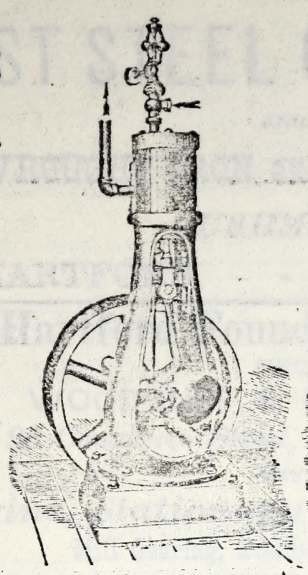

The Vertical Engine

possesses advantages peculiarly fitting it for many locations. It is already won its way to universal favor on board of the best screw steamers, where its economic and rapid working, during long and stormy passages, proves it to be peculiarly fitted to sustain severe work for long periods. There is no style of engine which occupies so little room; in which the strains are so well resisted by the framing; or in which the friction is so small and the endurance of all the parts so well secured.

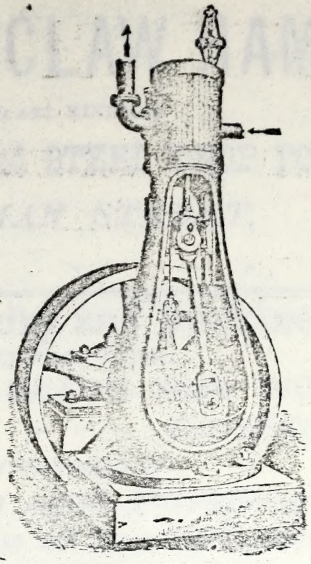

These engines are built in quantities, and the parts duplicated by special machinery, which secures great accuracy and uniformity of workmanship and allows of any part being quickly and cheaply replaced, when worn or broken by accident.

The slides and pillow-blocks are cast with the column, so that they cannot become loose or out of line. The rubbing surfaces are large and easily lubricated. Owing to the vertical position, there is no tendency to side wear of cylinder or piston. The packing-rings are self-adjusting and work free and tight.

All the larger sizes have a bearing outside the fly-wheel, and this bearing, as well as that in the frame and both ends of the connecting-rod, are made *self-adjusting to the line of the bearing surfaces*, so that, if, by the settling of the foundation or other cause, the engine "gets out of line," the bearings will not heat, cut, or thump. The crank is counterbalanced, the crank-pin, cross-head-pin, piston-rod, valve-stem, etc., are made of cast steel; all the bearing surfaces are made extra large and are accurately fitted; and the best quality of Babbitt Metal only used for the journal bearings.

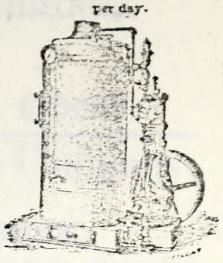

10 H.-P. VERTICAL ENGINE.

100 H.-P. VERTICAL ENGINE.

FIVE HUNDRED ENGINES IN OPERATION.

FROM 2 TO 250 HORSE-POWER.

COMBINED ENGINE and BOILER.
(Semi-Portable.)

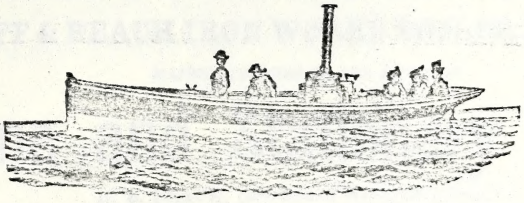

Being attached to one base, the *Combined Engine and Boiler* is easily transported, occupies little space, and may very readily be mounted upon wheels, rendering it peculiarly adapted for agricultural purposes.

The engine *is not fastened to or upon the boiler*, and is, therefore, not affected by the expansion, nor are the bearings overheated by conduction or the ascending heat from the boiler.

The fly-wheel, being at the base, secures steadiness under the high speed which is necessary for economy of fuel.

The boilers are of the upright tubular style, with internal fire-box, are made of the best material and workmanship, and are all tested to 150 pounds pressure per inch. The heating surface and area of grate are in excess of the quantities usually allowed for the same power. They are fitted with our patent baffle-plate and circulating-pipe, to prevent priming, and also with our PATENT FUSIBLE PLUG, which will melt and prevent the boiler burning, if the water gets out.

Our fusible plugs, though in the crown-sheet, never come in contact with water, so they can not become encrusted; and when the water falls so as to overheat the crown-sheet, the melting metals and enclosed steam are forced to be discharged into the fire, putting it out, and giving an alarm.

New York Safety Steam Power Co.'s Steam Launches.

LAUNCH ENGINE.

WE GIVE SPECIAL ATTENTION TO MACHINERY FOR

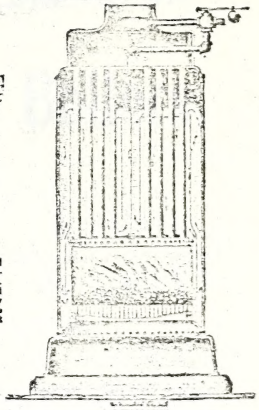

Pleasure Yachts, Tugs, and Small Steamers,

and are prepared to furnish any desired size at short notice. For these purposes our larger engines are fitted with self-fed, oiling bearings, which will allow the parts to be thrown out of line without causing strains, heating, or thumping, giving them a degree of flexibility in every direction peculiarly adapting them to marine use.

We are now able to furnish *LIGHT AND GRACEFUL BOATS* of remarkable swiftness, and with such improved and simplified machinery as to run on a very small consumption of fuel and be easily managed by anyone with a little instruction. They are fitted with light and strong boilers, able to make a large amount of dry steam with little fuel, and a light engine, capable of running at a high speed without shake or jar, and using steam very economically.

Illustrative and Descriptive Price-List Sent on Application.

THE

Vapor and Gas Burner Works,

WATERBURY, CONN.

Sole Proprietors and Manufacturers of

SIMMONS' PATENT

CARBOLINE AND GAS BURNER,

Respectfully call the attention of the public to the merits of this invention, and the various uses to which it may be applied, and its superiority over any other burner now in use, in producing a cheap, brilliant light, at a nominal cost. It possesses a compound action, of greater importance than would appear to a casual observer, involving a principle of great value, viz,: the induction of air at the impinging point of the gas, imparting its oxygen to the flame, and producing an illuminating power never before equaled by any other burner, and, without the aid of a chimney, producing perfect combustion. It can be applied to any description of lamp now in use, from the cottage to the laboratory of the chemist. The principle applied to common coal gas (for cooking or heating purposes), is not excelled by any burner now before the public, for intensity of heat, cleanliness, economy, and portability.

ONE TRIAL WILL CONVINCE.

We are prepared to furnish to order any description of metallic lamps, chandeliers, brackets, cooking apparatus, portable gas machines for domestic or public use. Our metallic founts should be used in every family,—safe, durable, and beautiful in design.

Address,

OF EVERY DESCRIPTION.

Sugar-Cane Mills, Pumps, Presses, Shafting, and all kinds of Mill-Gearing. Also, Loring's Improved Revolving Bleaching Boilers, for Paper-Mills.

The conveniences and facilities at the **City Point Works** for the above work are not surpassed in America; having a water front of 550 feet, and seven acres of land, upon which are erected two large Ship-Houses, in immediate connection with the extensive

Boiler, Blacksmith, and Machine Shops,

which are supplied with the best Tools in the country. Having a Pier over 700 feet long, can offer great inducements in REPAIRING STEAMSHIPS, and other Marine Work, in the most efficient manner, and with great despatch; and will further state to persons desirous of examining my work, that the Iron Steamships "SOUTH CAROLINA," "MASSACHUSETTS," "MISSISSIPPI," "MERRIMACK," and the Iron-Clad Batteries "NAHANT" and "CANONICUS," are of my construction.

Thankful for the liberal patronage heretofore bestowed, I hope by strict personal attention to insure its continuance.

COHOES COMPANY, COHOES, N. Y.

INCORPORATED 1826.

WILLIAM T. GARNER, New York, PRESIDENT.

TRUMAN G. YOUNGLOVE, SEC. AND AGENT.

DIRECTORS:

WILLIAM T. GARNER, New York.
WILLIAM W. NILES, New York.
SAMUEL W. JOHNSON, New York.
JNO. CROSBY BROWN, New York
DAVID I. JOHNSTON, Cohoes.
WILLIAM E. THORN, Cohoes.
TRUMAN G. YOUNGLOVE, Crescent.

This Company owns the entire Water Power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls, aggregate fall one hundred and twenty feet, and ten thousand horse power. The Dam and Gate House of the Company is among the finest and best in the United States. Power unfailing. The rates for the use of the water vary from twelve to twenty-five feet.

The power with land for factory building is leased by this Company at about twenty dollars per horse power. One-third of this splendid power is unappropriated, with some of the finest factory building sites in the United States.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, three miles from Troy and nine from Albany, and has the advantage of two canals and two railroads for freighting facilities.

Niagara Steam Pump Works,

New No. 23, Old No. 9, Adams St.,

BROOKLYN, N. Y.

Patented in the United States, **ENGLAND,** *BELGIUM AND FRANCE.*

ESTABLISHED 1862.

FIRST PREMIUM

On Practical Tests at American Institute and National Industrial Exhibition, Buffalo, N. Y.

DIRECT-ACTING PUMP.

CHARLES B. HARDICK,

MANUFACTURER OF

HARDICK'S PATENT DOUBLE-ACTING

STEAM PUMP & FIRE ENGINE.

VACUUM PUMPS and BLOWING ENGINES

MADE TO ORDER.

These Pumps were awarded the First Premium at the American Institute Fair, at N. Y., after a severe test with all other pumps on exhibition.

This Pump combines all the advantages of other styles of Pumps now in the market, with none of their defects. The Patent Steam-Valve applied to this Pump enables it to start at any point of stroke, by simply opening the valve in the steam-pipe, and the pump is sure to start at once, without the use of a starting-lever, or the annoyance of pulling a fly-wheel around to get it off the centre. For Mining purposes, this Pump is peculiarly adapted, as the valves can be removed by unscrewing one nut, and the valve-chest cleaned in a few minutes. As the pump is simple in its whole construction, it does not require the neighborhood of a machine shop to keep it in working order. The Valve-Chest and Valves are made of brass or composition, and can be easily repaired or replaced when worn out. Any carpenter can make, in a few minutes, of some heavy wood, a set of valves for this pump, if the original ones should give out. As a Boiler-Feeder, it has no superior, as it can be made to run at any speed, either slow or fast, to suit the work it has to perform. A large number of patterns are on hand to suit the different uses to which these pumps may be applied. The proportion of the steam cylinder to the water cylinder can be varied according to the height the water is to be forced. In all cases where the sizes on the price-list do not agree with the work required, information will be given at the works or by letter.

The Water-Valves of these Pumps will be made of Vulcanized Rubber, when required.

SEND FOR CIRCULARS.
